

PLANS / APPROVALS

Please contact the Planning Department regarding Village Approval Requirements.

Building and Occupancy Permits require sign-off by both Planning and Engineering Departments prior to issuance.

State Approved Plans are required for Buildings exceeding 50,000 Cubic Feet.

Submittal Requirements

- Application for building permit, two state approved plans, one additional building plan for the Fire Department.
- Erosion control application with two erosion control plans
- Sewer & water connection data form
- Driveway permit application
- Fire Department inspection application
- Occupancy bond in the form of cash or letter of credit (\$20,000)
